Renewal Registrations - Music

JANUARY-JUNE

1949

COPYRIGHT OFFICE
THE LIBRARY OF CONGRESS
WASHINGTON 25, D. C.

PREFACE

THIS part of the Catalog of Copyright Entries contains an alphabetical list by title of renewal registrations of music which were made in the Copyright Office from January 1, 1949, through June 30, 1949.

Entry.—Each entry contains the title, and, in the case of an excerpt, the title of the work from which it comes. This is followed by the names of authors of words, music, arrangements, etc. When an author is also a claimant his name is given only as claimant, with an abbreviation in curves indicating the basis of his claim and his authorship status, e. g., A of m (for "author of music").

Copyright Data.—The statement giving the facts of copyright registration begins with the copyright symbol © and consists of the date of original copyright, original registration number, renewal registration number, date of receipt of renewal application, name of renewal claimant and an abbreviation representing the applicant's statement of the basis of renewal claim.

Authority.—*The Catalog of Copyright Entries* is published by authority of Title 17, U. S. C., secs. 210 and 211. Section 210 provides that the *Catalog* "shall be admitted in any court as prima facie evidence of facts stated therein as regards any copyright registration."

Organization of the Catalog.—This issue of the *Catalog* is part of Volume 3 of the Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U. S. C., sec. 5. Letters are added to the part numbers to indicate subdivisions.

The classes of material principally contained in each part are listed, together with their respective symbols, under the title of the part in the Table of Organization which faces the title page in this issue. In each case, the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis of registrations. The symbol R does not represent a class designated by the Copyright Act, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. Some parts also contain registrations made under other symbols if the subject matter or type of material of these registrations is similar to that generally included in the part.

Orders.—The Office calls attention to the fact that orders for all parts of the *Catalog* should henceforward be sent directly to the *Register of Copyrights, Library of Congress, Washington 25, D. C.* Orders may be placed as follows: (1) as subscriptions to continue until further notice, or (2) as orders for individual issues. All orders should state clearly the title and inclusive dates of the issues wanted. For the convenience of subscribers, payment may be made either in advance (accompanying the order) or upon receipt of an invoice from the Copyright Office. *Checks or money orders should be made payable to the Register of Copyrights.*

The price of each individual number of the *Catalog* is given in the Table of Organization. The annual subscription rate for each part is twice the price of a single number, since all parts are issued semiannually. The complete *Catalog of Copyright Entries* for one year may be secured on a subscription basis for \$20.

Inquiries.—The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Please address communications of this nature to the *Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.*

PREFACE

THIS part of the *Catalog of Copyright Entries* contains an alphabetical list by title of renewal registrations of music which were made in the Copyright Office from July 1, 1949, through December 31, 1949.

Entry.—Each entry contains the title, and, in the case of an excerpt, the title of the work from which it comes. This is followed by the names of authors of words, music, arrangements, etc. When an author is also a claimant his name is given only as claimant, with an abbreviation in curves indicating the basis of his claim and his authorship status, e. g., A of m (for “author of music”).

Copyright Data.—The statement giving the facts of copyright registration begins with the copyright symbol © and consists of the date of original copyright, original registration number, renewal registration number, date of receipt of renewal application, name of renewal claimant and an abbreviation representing the applicant’s statement of the basis of renewal claim.

Authority.—*The Catalog of Copyright Entries* is published by authority of Title 17, U. S. C., secs. 210 and 211. Section 210 provides that the *Catalog* “shall be admitted in any court as prima facie evidence of facts stated therein as regards any copyright registration.”

Organization of the Catalog.—This issue of the *Catalog* is part of Volume 3 of the Third Series. The parts are numbered according to the alphabetical sequence of classes as listed in Title 17, U. S. C., sec. 5. Letters are added to the part numbers to indicate subdivisions.

The classes of material principally contained in each part are listed, together with their respective symbols, under the title of the part in the Table of Organization which faces the title page in this

issue. In each case, the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for purposes of statistical analysis of registrations. The symbol R does not represent a class designated by the Copyright Act, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. Some parts also contain registrations made under other symbols if the subject matter or type of material of these registrations is similar to that generally included in the part.

Orders.—The Office calls attention to the fact that orders for all parts of the *Catalog* should henceforward be sent directly to the *Register of Copyrights, Library of Congress, Washington 25, D. C.* Orders may be placed as follows: (1) as subscriptions to continue until further notice, or (2) as orders for individual issues. All orders should state clearly the title and inclusive dates of the issues wanted. For the convenience of subscribers, payment may be made either in advance (accompanying the order) or upon receipt of an invoice from the Copyright Office. *Checks or money orders should be made payable to the Register of Copyrights.*

The price of each individual number of the *Catalog* is given in the Table of Organization. The annual subscription rate for each part is twice the price of a single number, since all parts are issued semiannually. The complete *Catalog of Copyright Entries* for one year may be secured on a subscription basis for \$20.

Inquiries.—The Copyright Office welcomes inquiries, suggestions, and comments on the content and organization of the *Catalog*. Please address communications of this nature to the *Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.*
